

# 'On Demand' Hot Water Recirculator Rebate Form

## Requirements

- Applicant must be a JCSA residential water customer. Account balance must be current.
- Hot water recirculator must be purchased and installed on or after January 1, 2010 to be eligible for rebate.
- Generally, 'on demand' systems that are controlled by a button or motion sensor will be rebated. Rebates for other recirculation pumps such as thermostat- and/or timer-controlled systems will be honored as long as they use a comparable amount of energy as 'on demand' systems, as thermostat- and/or timer-controlled systems could increase energy use.
- Hot water recirculator must be purchased and installed prior to application for rebate.
- Applicant is solely responsible for purchase and installation arrangements and payments.
- Applicant agrees to allow JCSA inspector access to the premises in order to verify installation if selected for random inspection.
- Survey and form must be completed in their entirety and copy of receipt enclosed to be eligible for rebate.
- JCSA will refund up to \$50, not exceeding the cost of one hot water recirculator.
- Rebate checks will be processed within 4-8 weeks of receipt.
